

The David Poster ACTION Memorial Fund

The Fund would award be given annually to a TRAA person who exemplifies the "passion, inspiration, kindness, humor, and determination to make the world a better place that was embodied by David Poster." To be announced at the anniversary event or some similar public activity. (the would include a gift certificate for Handel's Ice Cream! – David's favorite and why he lived to be nearly 99!)

The Family would choose the awardee and based on TRAA suggestions The Family recommends that we give the first year's award to Congresswoman Maxine Waters.

David Poster's family will donate \$1000 a year and invite others to join her in maintaining the Memorial Action Fund. TRAA Board will attempt to raise a \$1000 match. To be used for action organizing.

Money remaining in the fund each year could be used for projects such as:

- Door Hangers in the vicinity of the Torrance Refinery
- Hiring a young person (should be less than 25 years old) to do work related to the most current campaign activity aimed at the elimination of HF from local and national refineries
- Any other work to further the goals of TRAA
